WATER RESOURCES ACT 1963

ANGLIAN WATER AUTHORITY

WATER RESOURCES (LICENCES) REGULATIONS 1965

Notice of proposal for licences to abstract water

Notice is hereby given that the Anglian Water Authority in pursuance of section 52 of the Act have formulated proposals in the form of a draft licence, serial number 6/33/28/47 (incorporating licence nos. 6/33/34/201, 6/33/36/146 and 6/33/38/46) to abstract water from boreholes sunk into the chalk underground strata at the following locations:

<i>Point of Abstraction</i>	<i>National Grid Map Reference</i>	<i>Proposed maximum quantity to be abstracted in any (a) daily or (b) annual period</i>
<i>In Uttlesford District</i>		
1. Ricketts Farm, Ashdon, Essex	TL 576 426	(a) 2,000 cubic metres (b) 727,000 cubic metres
<i>In South Cambridgeshire District</i>		
2. Dungate Farm, West Wrating, Cambs.	TL 561 531	(a) 3,800 cubic metres (b) 1,385,000 cubic metres
<i>In East Cambridgeshire District</i>		
3. Eagle Lane, Stetchworth, Cambs.	TL 625 591	(a) 4,000 cubic metres (b) 438,000 cubic metres
4. New England Farm, Swaffham Bulbeck, Cambs.	TL 588 614	(a) 1,200 cubic metres (b) 365,000 cubic metres
5. Horse Racing School, Snailwell, Cambs.	TL 647 660	(a) 8,000 cubic metres (b) 730,000 cubic metres
6. Chippenham Pumping Stn., Chippenham, Cambs.	TL 673 668	(a) 2,300 cubic metres (b) 560,000 cubic metres

The purpose of the abstraction of water from these boreholes will be to maintain and augment the flows and levels of water in nearby springs and surface watercourses which might otherwise be affected by abstractions from proposed or existing public water supply boreholes at Westoe Farm, Bartlow, Cambs; Rivey Hill, Linton, Cambs; Abington Park, Great Abington Cambs; Horseheath Lodge, Horseheath, Cambs; Station Road, Dullingham, Cambs; Long Hill, Cheveley, Suffolk and Lower Links, Woodditton, Cambs, during periods of low natural flows. The springs and watercourses of which the flows and levels are to be maintained and augmented by means of buried pipelines to be laid between the proposed boreholes and the receiving spring or watercourse are as follows:

- (1) River Granta (Ashdon borehole).
- (2) Fulbourn Fen and Wilbraham Temple Spring (Dungate Farm borehole).
- (3) Whiteland and Howe Plantation Springs (New England and Eagle Lane boreholes).
- (4) Reach Lode and Burwell Springs (New England and Eagle Lane boreholes).
- (5) Snailwell Spring and Exning Stream (Horse Racing School borehole).
- (6) Chippenham Fen (Chippenham borehole).

It is intended that abstraction other than for testing and maintenance purposes will take place only at times of low natural flows in the receiving spring or watercourse.

A copy of the proposals and of any maps, plans or other documents prepared in connection with them may be inspected free of charge at all reasonable hours during the period beginning on 14th July 1989 and ending on 11th August 1989 at the premises of the Authority at Chivers Way, Histon, Cambridge, and at the Post Office, Burwell, Cambs, and at the Post Office, Linton, Cambs.

Any person who wishes to make representations about these proposals should do so in writing to the Regional Manager (Environmental Regulation and Fisheries) at Aqua House, London Road, Peterborough, Cambs, before the end of the said period. Copies of all such representations received by the Authority will be forwarded to the Secretary of State for the Environment.

After expiry of the said period the Authority will be entitled to pass a resolution by virtue of which the said licences to abstract water shall be deemed to be granted unless the Secretary of State for the Environment, either in consequence of any representations made with respect to the proposals, or otherwise, requires an application for the said licences to be made to him.
